## HIGH PERFORMANCE LEADERSHIP IN TIMES OF CHALLENGE

High-Performance Leaders are achievement oriented. They are visionary, purposeful, decisive and they get results. At the same time, they relate well to people. They are compassionate, authentic and courageous. But what sets them apart is they have great self awareness and systems awareness. This enables them to effectively navigate stress and change. As High Performance Conscious Leaders, they have the capacity to create highly engaged cultures that drive greater business performance and thriving enterprises. Through a mix of groundbreaking science, story, and experiential learning, you'll learn a powerful neuroscience and mindfulness-based 4-step system to learn new ways to master stress, transform your mindset, take your leadership to the next level and make an even bigger difference in the lives of those who you serve.
