Session Description

This program is brought to you by Dr. Don Gilman who is globally recognized and sought after expert in critical thinking, problem solving, and decision making. In this unique setting, Dr. Gilman will conduct a highly engaging session built around developing participants' decision making abilities, especially in volatile, uncertain, complex, and ambiguous (VUCA) environments.

Biography

Dr. Don Gilman is a seasoned consultant and coach to senior management, and a highly sought after speaker and trainer, regularly speaking at private company meetings as well as at large global conferences. Focused on helping organizations thrive in a VUCA (Volatile, Uncertain, Complex, and Ambiguous) environment, Dr. Gilman has taught for various institutions, including the University of California, Los Angeles (UCLA). He has appeared on CBS, NBC, ABC, Fox, CNN, MSNBC, BBC, and other networks, and has been quoted in USA Today, The Los Angeles Times, the Orange County Register, The New York Times, and many other national and regional newspapers and periodicals. He is also a published author in respected international journals and his recent book, 'Outsmarting V.U.C.A.: Your Field Guide to Making Better Decisions' was published in 2017.

Dr. Gilman holds a B.A. (with honors) in Engineering Physics from Westmont College, a B.S. in Nuclear Engineering from the University of California, Santa Barbara, an M.S. in Engineering Management from West Coast University in Los Angeles, and a Doctorate in Organization Change from Pepperdine University in Los Angeles, California.

Time Allocation - Topics

15% What is VUCA and how is it impacting us?

- What works and what does not work as well, even though it once did?

45% New Strategies and Methodologies

- What questions should leaders ask?
- How can we identify and compensate for our unconscious biases that hinder critical thinking?
- What role do diversity and inclusion play?
- How can we make decisions without 100% certainty?

30% Organizational Culture Optimization

- How does culture impact an organization's ability to thrive in a VUCA environment?
- What should a leader do to guide their culture?

10% Next Steps and Action Plan

- What will we begin changing tomorrow?
