NO NONSENSE, NO EXCUSES: HOW PERSONAL ACCOUNTABILITY PROMOTES SUCCESS

A problem arises in your organization that needs your attention. The employees who come to tell you about it are finger-pointing and blaming as they explain what happened and why the customer is upset. The team-building session everyone attended a week ago seems to be long forgotten as you watch the group circle the wagons and attack each other. Leaders often find that they have done all the right things to develop their people only to discover a missing ingredient needed to make it all work; personal accountability. If each employee took ownership for the success or failure of tasks, projects or initiatives, an environment of trust, alignment, communication and accountability is ensured. This interactive program will take you through an effective and immediately useful education that instills personal accountability in the work environment. When the learning is applied and three innovative tools are used, personal accountability will result in your spending less time managing and more time coaching and mentoring. You will experience an environment of ownership for results before-the-fact that creates clear agreements, execution and success. You will take an online Accountability A...
