VIRTUAL SESSION (3-HOUR)

OPTIMIZE YOUR DECISION MAKING BY ANTICIPATING THE UNEXPECTED

Discover how to increase the quality of your decisions, and those of your team, even in situations with ambiguous information, loosely structured problems, deep uncertainty, and complex trade-offs. Learn how to improve the agility of your team and implement proven techniques for minimizing costly mistakes. Work through engaging case studies, and current corporate examples, to understand how to apply this content in the 'real world'. This fast-paced class is perfect for both leaders and senior functional experts.
