SAVING FACE: HOW LEADERS PRESERVE DIGNITY AND BUILD TRUST IN THE WORKPLACE

Face is the new social currency of our time. The concept of face is essential in human relations and leadership. Face represents one's self-worth, identity, reputation, status, pride, and dignity. "Saving face" is a universal concept that enables you to connect with people, break down barriers, and build trust and long-term relationships.

Participants will learn the concept of honoring, losing, and saving face so they can build authentic relationships and creating a culture of psychological safety for their teams.
