7 CRITICAL STRATEGIES FOR IMPROVING COLLABORATION AND TEAMWORK ON HYBRID TEAMS

In order for teams to thrive upon returning to the workplace, it is essential for employers to be ready to address their team's concerns about a post-pandemic workplace to help employees adjust to a new/different workplace environment. As we move into the post quarantine adjustments, it is critical to establish team strategies for engaging and re-engaging. Given the rapid change in our work environments, it is even more critical that we set ourselves up to continue to be productive, cohesive and resilient.
