EXECUTIVE PRESENCE: HOW TO CONVEY CONFIDENCE, CLARITY AND CREDIBILITY

Speaking up on a conference call, pitching a prospective client, presenting your analysis to your boss, or simply "showing up" online as your best self - how do you make your presence known in a powerful and compelling way? Learn what executive presence really is (and isn't), why it has nothing to do with your title or role, and how to get more of it. Specifically, you'll walk away with concrete strategies on how to:

- Create meaningful and authentic connections even behind a screen
- Let your body language help, not hinder you
- Slow down and give your words the weight they deserve
- Strengthen your delivery by eliminating crutch words - say goodbye to the ums, likes, ers and you knows...
