VIRTUAL SESSION (1-HOUR)

HOW TO THINK LIKE LEONARDO DA VINCI

Thinking creatively, learning faster and leading change, these abilities are at a premium in a highly competitive global business environment. What if you could call on history's greatest genius, Leonardo da Vinci, to be your personal mentor in cultivating these highly prized elements of human capital? Anatomist, architect, botanist, city planner, chef, humorist, engineer, equestrian, inventor, geographer, geologist, military scientist, musician, painter, philosopher and raconteur, Leonardo da Vinci (1452 - 1519) helped bring the Western world out of the Middle Ages and into the Renaissance. Now his approach to optimizing human potential is more relevant than ever.

This dynamic, highly-interactive program brings da Vinci's genius to life through fascinating biographical and historical information, setting the stage for an introduction to seven principles for thinking "a la Leonardo." Participants are then guided to apply the principles, through a proven series of practical exercises, to your greatest challenges.
