PRESENT LIKE A PRO: HOW TO HOOK YOUR AUDIENCE IN UNDER 15 SECONDS

Most leaders communicate and care but don't connect as they could because they lead with logic when what your audience really wants is the emotional appeal of a story. In Park's invigorating storytelling session, you will learn the foundational narrative framework of the ABT (And, But, Therefore) that hacks through the noise and hooks the primal limbic brain where all of our real buying decisions are being made.

- Understand the three forces of storytelling: agreement, contradiction and consequence that our cause and effect brain loves
- Apply the ABT to your leadership, sales and marketing communications.
- Focus your long-form communications by finding the singular narrative that quickly connects with your audience.
- Explore myriad ways to use the ABT in all of your communications.

The goal of the program is to transform you from an intuitive to an intentional storyteller using the ABT to help you become an even more confident and compelling communicator.
