UNLEASHING BOTTOM UP INNOVATION & IMPROVEMENT IN YOUR ORGANIZATION

80% of your organization's potential for improvement resides in the minds of your front-line employees. As a manager, how can you harness those ideas to improve efficiency and customer service, make more innovation happen, and improve the bottom-line? Dr. Alan Robinson has worked with or studied idea systems in over 450 organizations in 30 countries and will give you practical insights with real-world examples on how to build a unit or organization whose highly engaged front-line employees are constantly innovating and solving problems. There is a lot to learn, much of which is counterintuitive. Don't miss this important program that could be a game changer for you and your organization.
