COMMUNICATING WITH INFLUENCE AND IMPACT

In today's virtual, in-person and hybrid world communicating with influence is harder and more critical than it's ever been. How you communicate determines whether others see you as credible, knowledgeable and trustworthy. Without doing this effectively, you inhibit your maximum potential to influence, increase profits and cultivate long-term relationships.

Most of us are unaware of how our listeners perceive us. We're constantly given feedback like "good job", and we never REALLY take a close look to see ourselves through the eyes and ears of our listeners. Stacey increases your awareness of how much influence you really have rather than what you believe to be true.

In this highly interactive session, Stacey helps you eliminate the static that plagues communicative delivery - to deliver a clear message that persuades, sells your ideas, influences, and makes you more effective through all mediums.

Stacey has presented to thousands of leaders, helping them to persuade, sell, influence and communicate face-to-face with a clear message. Through her work Stacey gives executives what has been described as the "greatest gift of all" - to see themselves as others see them.
