THE POWER OF INSTINCT: THE NEW RULES OF PERSUASION IN BUSINESS AND LIFE

Award-winning Fortune 500 brand consultant and behavioral expert Leslie Zane shatters conventional wisdom, showing attendees how to tap into the hidden brain where instinct prevails, creating a powerful network of connections that drive people to buy your product, company, or vision. These connections dictate the decisions we make and cracks the code on how to influence it.

With science as your guide, as well as stories from the worlds most successful brands from McDonald's and Lululemon to the Yankees and Taylor Swift, you'll learn:

- What kind of messages create the greatest amount of positive associations
- Why finding new customers accelerates growth and relying on existing ones is a trap
- Why emotional stories are not enough to drive trial and long-term loyalty
